

Incredibles Cake Box DIY

Make sure you get a grown ups help before starting any DIY!

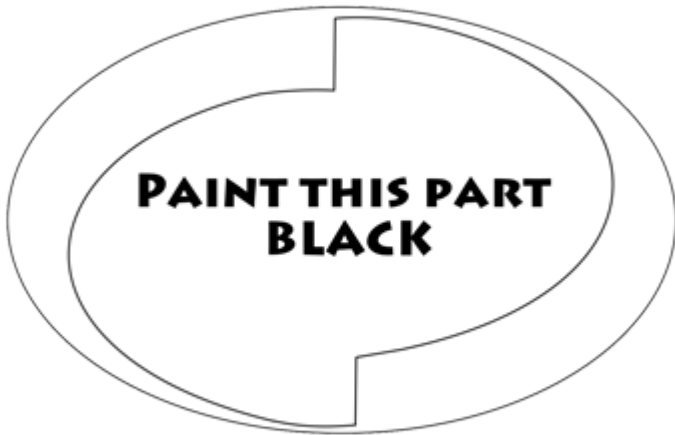

Materials:

- craft box (we used a heart shape)
- paint - red, black, white and yellow
- cardboard in red, black, orange and yellow
- craft 'whipped cream' (from craft stores)
- red glitter
- orange decorative trim, or ribbon
- a hot glue gun
- scissors

Instructions

1. Paint the lid of your box red (only the top, not the sides). While wet, cover with red glitter. Shake off any excess glitter and leave to dry.
2. Paint the bottom of the box black and leave to dry.
3. While the box is drying, trace the Incredibles oval logo onto orange card. Using black paint or a marker, colour in the centre of the oval.
4. Cut out the "i" template on yellow card and paint the centre of the dot on top of the "i" white. Glue the yellow pieces to the oval piece once they are dry.
5. Glue the complete Incredibles logo to the lid of your box.
6. Using the craft whipped cream, make a cake trim around the edge of the lid. Leave to dry overnight.
7. Cut out the mask template from black card. Glue to the top corner of your lid.
8. Cut a dripping icing trim from red card. Paint white shiny details on the drips. Glue to the sides of the lid.
9. Glue an orange trim to the sides of the lid and around the base of the bottom of the box.
10. Leave everything everything to set and dry then fill your cool new jewellery box with treasures.
